Use this Quick Reference Guide to learn about the features that will enhance your enjoyment of your Hyundai. More detailed information about these features are available in your Owner's Manual.

WARNING!

To reduce the risk of serious injury to yourself and others, read and understand the important SAFETY INFORMATION in your Owner's Manual.

*Some vehicles may not be equipped with all the listed features.

**Inside Glove Box

GETTING STARTED

SMART KEY

Remove mechanical key

Press and hold the release button ① and remove the key.

- Lock** (🔒)
Press the button.
- Unlock** (🔓)
Press
Once - Unlock driver's door.
Twice - Unlock all doors.
- Trunk unlock** (🚗)
Press and hold.
- Panic** (📢)
Press and hold.
Press any button to turn off panic.

Press to unlock

Once - Unlock driver's door.
Twice - Unlock all doors.

Press to lock

Once - Lock all doors after exiting vehicle.

TRUNK RELEASE

Interior trunk release

Pull trunk lid release to open trunk from inside of vehicle.

NOTE

Smart key needs to be within range.

Exterior trunk release

With rearview camera
Push trunk lid release to open trunk.

Without rearview camera
Push trunk lid release to open trunk.

TRUNK LOCK

Trunk lock button

The trunk lock button is used to prevent unauthorized access to the trunk.

To activate the trunk lock system:

1. Open the glove box.
2. Press trunk lock button OFF. In the OFF position, the trunk can only be opened with the mechanical key.
3. Remove mechanical key from the Smart key.
4. Close and lock the glove box with the mechanical key.

NOTE

With the mechanical key out of the Smart key, the Smart key can only operate door locks and start the engine.

To unlock and open the trunk with the mechanical key

Insert the mechanical key into the key slot located as shown on the trunk lid and turn clockwise.

ENGINE START/STOP BUTTON

With the ignition OFF, press the engine start/stop button:

- Once for ACC (Accessory) mode.
- Twice for ON mode.
- Three times for OFF.

To start the engine in any mode (including OFF), press the engine start/stop button while pressing the brake pedal.

To shut the engine OFF, place shift lever in P (Park) and press the engine start/stop button again.

Emergency situations

Shut off engine while driving

Press engine start/stop button for more than 2 seconds or 3 times consecutively within 3 seconds.

Restart engine while driving

Press engine start/stop button with shift lever in N (Neutral).

FRONT SEAT ADJUSTMENT

Forward and backward

Seat cushion height (for driver's seat)

Seatback angle

Lumbar support (for driver's seat)

HEADREST ADJUSTMENT

Height adjustment

Lock knob

To raise headrest height, pull up on headrest.

To lower headrest, press lock knob while pushing down on headrest.

Forward or backward adjustment

To adjust headrest forward or backward, slide headrest forward or push back.

SEAT BELT ADJUSTMENT (Front seat)

Pull up to raise.

Press button and push down to lower.

FUEL FILLER LID

NOTE

After adding fuel, always reinstall the fuel cap onto the filler neck by rotating it clockwise until it clicks one time.

Failure to do this may result in the Check Engine light () illuminating.

STEERING WHEEL ADJUSTMENTS

Power Tilt and telescopic

NOTE

Do not adjust while driving.

Set the angle **2** and distance **3** with the knob **1**.

Manual Tilt

NOTE

Do not adjust while driving.

1. Pull and hold the release lever **1**.
2. Set the angle to the desired position **2**.
3. Release the lever to lock into place.

Heated steering wheel

Pressing the heated steering wheel button warms the steering wheel. The indicator on the button is illuminated.

Heated steering wheel button

DRIVER'S MAIN CONTROLS

Outside Rearview Mirrors Adjusting

- Press L (left) or R (right) on the switch. Then adjust the mirror by using the directional switch (↕↔).

Power folding mirror

- Press button **A** to fold/unfold mirrors.
- Press the lock or unlock button on the smart key twice, and the mirrors will be folded or unfolded.

Power window lock switch

- The driver can disable the power window switches on the passenger doors.

Power window

Window Auto down/up (Front windows)

Press past detent to fully open/close window.

Door Lock

Press button **B** to lock/unlock all doors.

FEATURES AND CONTROLS

HEAD LIGHTS AND FOG LIGHTS

- ▶ | OFF OFF position
- ▶ | Parking light position
- ▶ | Head light position
- ▶ | AUTO Auto light position

Turn signals and lane change signals

Flashing head lights

High beam

Fog lights

ADAPTIVE FRONT LIGHTING SYSTEM (AFLS)

AFLS helps keep a wide field of vision at night by turning the head lights in the direction of any turn.

To turn AFLS on, rotate switch to AUTO. To turn AFLS off, rotate switch to other position.

WIPER AND WASHER

- MIST - Single wipe
- OFF - Off
- INT - Intermittent wipe
- AUTO - AUTO control wipe
The rain sensor senses the amount of rainfall and controls the wiping cycle.
- LO - Normal wiper speed
- HI - Fast wiper speed

Intermittent wipe time adjustment

- Fast wiper speed
- Slow wiper speed

Wash with brief wipes

FEATURES AND CONTROLS

SUNROOF

With ignition switch on

To open

Press switch rearward. Press switch rearward past the detent to open completely.

To close

Press switch forward. Press switch forward past the detent to close completely.

To tilt

Push or pull switch up or down.

INTERIOR LIGHTS

Push the switch to turn the map lamp on or off.

DOOR

Lights will turn on when any door is open except trunk.

OFF

Push the switch to turn the map lamp and room lamp on or off.

HOME LINK WIRELESS CONTROL

Standard Programming

To train most devices, follow these instructions:

1. For first-time programming, press and hold the two outside buttons, HomeLink® Channel 1 and Channel 3 Buttons, until the indicator light begins to flash (after 20 seconds). Release both buttons. Do not hold the buttons for longer than 30 seconds.
2. Position the end of your hand-held transmitter 1-3 inches (2-8 cm) away from the HomeLink® buttons while keeping the indicator light in view.
3. Simultaneously press and hold both the HomeLink® and hand-held transmitter button. DO NOT release the buttons until step 4 has been completed.
4. While continuing to hold the buttons the red indicator Status LED will flash slowly and then rapidly after HomeLink® successfully trains to the frequency signal from the hand-held transmitter. Release both buttons.

For detail instructions, refer to your Owner's Manual or visit www.homelink.com.

- Front blower will turn off.
- Outside (fresh) air position will be selected.
- Vented air will be at last set temperature.

MODE SELECTION

Changing the direction of the air flow as follows.

Floor & Defrost Floor Level Bi-Level Face Level

STEERING WHEEL FUNCTIONS

Cruise Control

CRUISE Cruise indicator

SET Cruise set indicator

To set a cruising speed

1. Press ON/OFF button **2** and the CRUISE indicator will illuminate in the instrument cluster. Accelerate to desired cruising speed (above 25 mph).
2. Press SET – button **4** and remove your foot from the accelerator pedal.

To accelerate or decelerate

Press RES + button **3** up to increase set cruising speed.
 Press SET – button **4** down to decrease set cruising speed.

To cancel cruising speed

Press CANCEL button **1** or depress brake pedal, or press ON/OFF button **2**.

Smart cruise control system

To set a cruising speed

1. Press ON/OFF button **2** and the CRUISE indicator will illuminate in the instrument cluster. Accelerate to desired cruising speed (above 18.6 mph).
2. Press SET – button **4** and remove your foot from the accelerator pedal.

To accelerate or decelerate

Press RES + button **3** up to increase set cruising speed.
 Press SET – button **4** down to decrease set cruising speed.

To cancel cruising speed

Press CANCEL button **1** or depress brake pedal, or press ON/OFF button **2**.

To set vehicle distance

Press the button **5**. Three distances are available:

- Distance 3 – 180 feet
- Distance 2 – 130 feet
- Distance 1 – 85 feet

Distances are approximate.

When there is a vehicle ahead in the lane

The vehicle will accelerate or decelerate to maintain the selected distance. Refer to your Owner's Manual for additional operational instructions and other cautionary advisories on Smart Cruise Control.

Audio Control

- 1 VOLUME**
Raises or lowers speaker volume.
- 2 SEEK / PRESET**
Change station.
- 3 MODE**
Change the audio source.
- 4 MUTE**
Mute the sound.

Please refer to your Owner's Manual for more detailed information on how to use your audio system. Complimentary XM® subscription ends three months following the vehicle date of sale. Please contact XM® Radio at 1-800-XM®-RADIO (1-800-967-2346) to renew your XM® subscription.

Bluetooth Control

- 1 TALK**
Activates voice recognition.
- 2 CALL**
Press the button. Places and transfers calls.
- 3 END**
Press and hold the button. Ends calls or cancels functions.

To redial previously dialed number, press and hold **1**.

*Bluetooth is a wireless technology that allows multiple devices to be connected in a short range. low powered devices like hands-free, stereo headset, wireless remocom, etc. For more information, visit the website at www.bluetooth.com

BLUETOOTH OPERATIONAL TIPS

In the following situations you or the other party may have difficulty hearing each other:

1. Keep the Bluetooth volume to a low level. High level volume may result in distortion and echo.
2. When driving on a rough road, high speeds and/or with the window open.
3. When the air conditioning vents are facing the microphone and/or when the air conditioning fan is at the max speed.

Steering wheel bluetooth control

- 1 TALK**
Activates voice recognition.
- 2 CALL**
Press the button.
Places and transfers calls.
- 3 END**
Press and hold the button.
Ends calls or cancels functions.

To redial previously dialed number, press and hold **1**.

To Answer a Call:

- Press button on the steering wheel.

To Reject a Call:

- Press button on the steering wheel.

To Adjust Ring Volume:

- Use the VOLUME buttons on the steering wheel.

To Transfer a Call to the Phone

(Secret Call):

- Press and hold button on the steering wheel until the audio system transfers a call to the phone.

To Finish a Call:

- Press button on the steering wheel.

Making a call using voice recognition:

The menu tree identifies available voice recognition Bluetooth® functions.

Calling by Name:

1. Press button.
2. Say the following command:
 - “Call <John>”: Connects the call to John.
 - “Call <John> on <Mobile/Home/Office>”: Connects the call to John’s Mobile, Home, or Office phone number.

Dialing by Number:

1. Press button.
2. Say “Call”.
3. Say “By number” when prompted.
4. Say desired phone numbers.
5. Say “Dial” to complete the number and make a call.

For complete list of commands, refer to your Owner’s Manual.

VOICE RECOGNITION TIPS

Your vehicle is equipped with Voice Recognition technology which allows drivers to operate their phones without having to take their eyes of the road to minimize distractions.

Voice recognition performance may be affected if driving with windows and sun roof open; when the heating-cooling system is on; when passing a tunnel or when driving on rugged and uneven roads.

Quick reference on using voice commands

To start voice command. Press the key, the following commands are available:

Command	Function
More Help	Provides guidance on commands that can be used anywhere in the system
Help	Provides guidance on commands that can be used within the current mode.
Calls <Name>	Calls <Name> saved in Contacts. Ex) Call “John”
Dial <Number>	Call can be made by dialing the spoken numbers. Ex) Call “123”
Phone	Provides guidance on Phone related commands. After saying this command, say “Call History”, “Contacts” to execute corresponding functions.
Call History	Displays the Call History screen.
Contacts (Call by Name)	Displays the Contacts screen. After saying this command, say the name of a contact saved in the Contacts to automatically connect the cell.
Dial Number	Display the Dial number screen. After saying this command, you can say the number what you want to call.

BLUETOOTH® PHONE PAIRING

Pairing tutorials, phone compatibility and Operational tips can be found through the Smart QR code using the QR reader application on your Smartphone.

Standard audio system

1. Press TUNE button ①.
2. Turn TUNE knob ① to Bluetooth®. Press knob to select.
3. Turn TUNE knob ① to Pair. Press knob to select.
4. Follow voice command instructions to complete pairing the phone.
5. When prompted, enter the Passkey (default passkey 0000).

Driver Information System (DIS)

1. Press INFO/PHONE button ①.
2. Select Connect Phone by turning knob ②.
3. Select your phone under Pair Phone by turning knob ②.
4. In your mobile phone Bluetooth setup menu, select Add New Device. The default name of the Bluetooth device is GENESIS.
5. When prompted, enter the Passkey (default passkey 1234).
6. The name of the connected device will be displayed on the phone.

Touch screen system

1. Press PHONE button ①.
2. Press the SETTINGS button on phone screen.
3. Press the PAIRINGS button. 
4. Press the ADD TO button. 
5. In your mobile phone Bluetooth setup menu, select Add New Device. The default name of the Bluetooth device is GENESIS.
6. When prompted, enter the Passkey (default passkey 1234).
7. The name of the connected device will be displayed on the phone.

MULTIMEDIA

BLUE LINK TELEMATICS SYSTEM

Press the  button for access to the voice-response menu of services. You have two options:

- You can say, “Main Menu” for a listing of main menu choices.
- You can directly select any of the listed menu items by saying its name.

			
Navigation	Information	Essentials	Vehicle Assist
New Destination Gas Prices Restaurant Ratings Route Assistance Daily Route Guide Main Menu	Traffic Weather Valet Alert Main Menu	Voice Texting Location Sharing Main Menu	Roadside Assistance Agent Assistance Service Link Quick Tips Main Menu

- Press the  button for navigation-related services.
- Press the  button for SOS Emergency Assistance.
- Refer to your Blue Link User’s Manual for detailed information on system operation.
- For immediate assistance with subscription services, please call 1-855-2BLUELINK (1-855-225-8354).

Remote Door Unlock/Lock

Blue Link Mobile App

You can download the Blue Link mobile app to your compatible smart phone from the following sites:

- iPhone® – Apple® App Store
- Android® – Google Play
- BlackBerry® – BlackBerry® App World

With this feature, you can lock or unlock your vehicle doors from virtually anywhere by using the Blue Link mobile phone app, by dialing the toll-free number, or by using the Blue Link owner’s website.

- To use this feature, you must have a Blue Link Personal Identification Number (PIN). To create or change your PIN, log on to www.MyHyundai.com.

To Activate Remote Door Unlock/Lock

- By Blue Link Mobile App: Select DOOR UNLOCK or DOOR LOCK, as desired.
 - Enter your Blue Link PIN.
 - The command to lock or unlock your doors will be sent to your vehicle.
- By phone: Dial toll-free 1-855-2-BLUELINK (1-855-225-8354).
- By web site: Log on to www.MyHyundai.com, select Blue Link.
 - Select Remote Services, then Remote Door Unlock/Lock.
 - Input your Blue Link PIN. (If you need time to get to your vehicle, specify a time delay before your vehicle will be unlocked.)
