For the road ahead

Use steering wheel buttons and voice actions with Android Auto — and stay focused on the road.

SHOW ME HOW >

NOTE

Android Auto users will be prompted to view a tutorial. Select your option and proceed.

Phone Pairing

1 The vehicle's shifter must be in **PARK**.
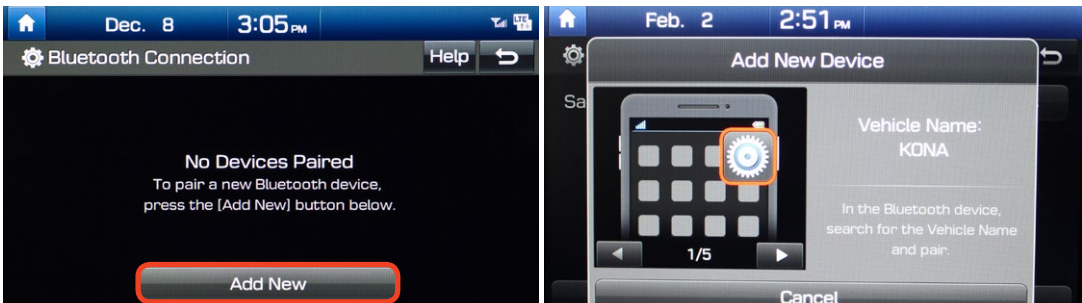

Then press the **SETUP** button.

2 Press the **BLUETOOTH**® icon on the screen.

Then press **BLUETOOTH CONNECTION**.

3 Press **ADD NEW**.

Then turn on your phone's **BLUETOOTH** and select the device (Kona) found by your phone.

NOTE

Bluetooth setting can be found in the SETTINGS app on most phones. Refer to your phone's owner's manual or visit HyundaiBluetooth.com for more information.
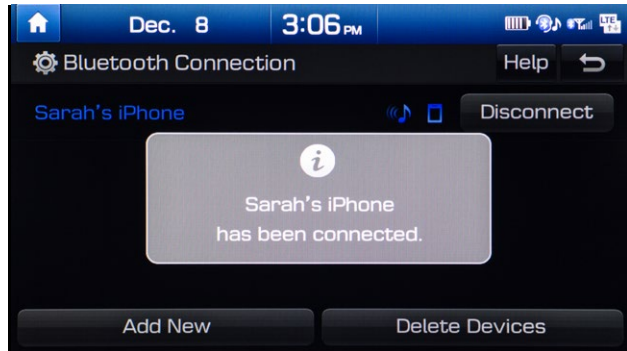

Phone Pairing

4 Your phone may require a **PASSKEY**. If prompted, enter it into your phone.

⌂ Dec. 8   3:05 PM
Add New Device
Device Name: Sarah's iPhone
Passkey: 604862
Waiting for Bluetooth device authentication... Please check the passkey and accept device pairing from your mobile device.
Cancel

5 The vehicle will confirm successful phone pairing completion.

⌂ Dec. 8   3:06 PM   Help ↩

6 The vehicle will confirm that your contacts download is complete.

Phone	Contacts download is complete.
FM 93.1
Fountain Valley, CA	All Menus Phone My Menu

NOTE

If your phone is supported, your contact list may be transferred to your vehicle automatically. Depending on the phone make and model:

• Some phones may request approval to download contacts; this process will take a few minutes

• Contact list may start with First or Last Name, depending on phone models

CUSTOM BUTTON

The Custom Button (☆) is easy to set up and use so that you can enjoy your favorite features of the multimedia system with the touch of a button.
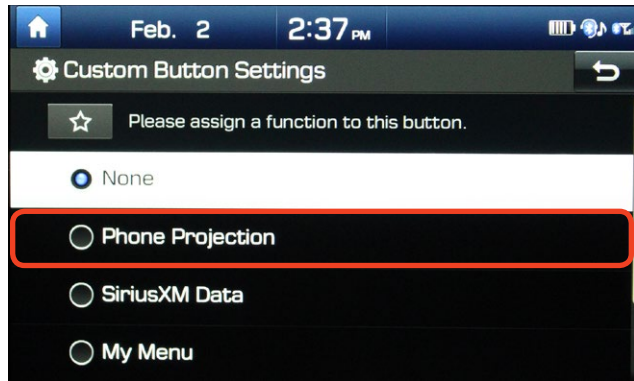

Learn how to set up your Custom Button by reviewing the steps below.

1 Press the **SETUP** button.

Then press the **CUSTOM BUTTON** icon on the screen.

2 Select from the following options to set as your favorites. For example, select **PHONE PROJECTION**.

Making a Call
Voice Command Using Bluetooth*

BEFORE YOU START

Make sure your phone has been paired and your contacts have been downloaded. If this has not been done, please follow the instructions on the previous pages.

1 Press the **PUSH TO TALK** button on the steering wheel.

You will hear a beep.

2 After the beep, say the command "**CALL**" followed by the name of the desired contact.

Example: "**CALL JOHN SMITH**"

3 Select the number you would like to call by saying

"**LINE 1**," "**LINE 2**," "**WORK**," or "**HOME**."

*For KONA SE trim, this feature is only available when Android Auto or Apple CarPlay is connected.

4 The selected number will be dialed and your contact's name and phone number will appear on the screen.

5 Press the **END CALL** button on the steering wheel to end the call.

*For KONA SE trim, this feature is only available when Android Auto or Apple CarPlay is connected.
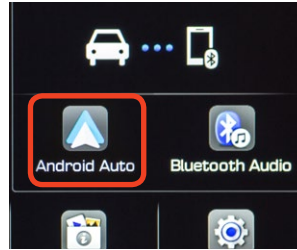

# Making a Call
Voice Command Using
Android Auto/Apple CarPlay*

1 Connect a USB cable from your phone to the vehicle's USB slot. Notice the icon displayed on your screen.
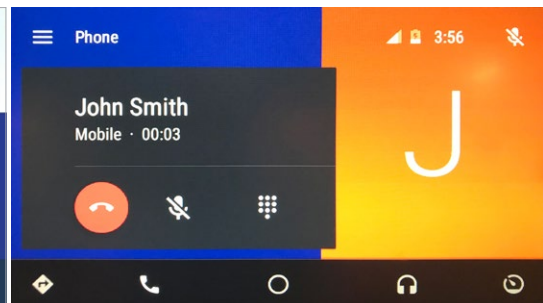

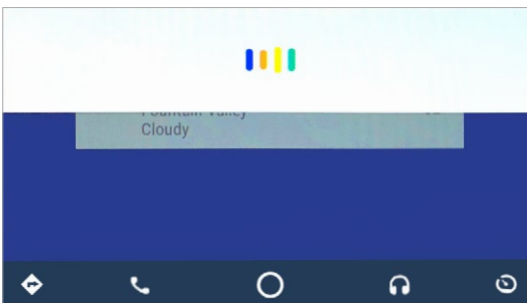

Android Auto

Apple CarPlay

2 Press the **PUSH TO TALK** button on the steering wheel and say a command after the beep.

3 For Apple CarPlay, you will see these screens:
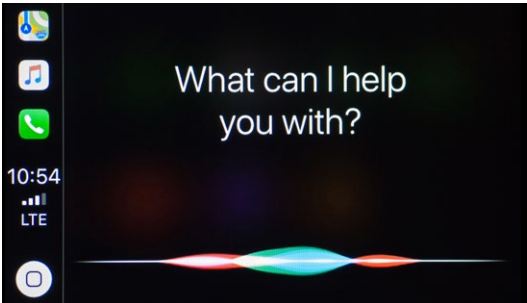

For Android Auto, you will see these screens:

*For KONA SE trim, this feature is only available when Android Auto or Apple CarPlay is connected.

4 To end the call, press the **END CALL** button on the steering wheel.

Making a Call
Common Phone Voice Commands*

To start voice command, press the **PUSH TO TALK** button on the steering wheel.

HELP provides guidance on commands that can be used within the current function.

Here are a few common voice commands to use after the phone has been paired:

Say "**CALL**" to initiate a call followed by saying the name of the saved contact with whom you wish to speak. For example, "**CALL JOHN SMITH.**"

"**DIAL**" makes a call by dialing the spoken numbers. For example: "**DIAL 1-800-633-5151.**"

"**PHONE**" provides guidance on phone-related commands.

"**CALL HISTORY**" displays the phone's call history screen.

"**CONTACTS**" displays the phone's contacts screen.

NOTE
Compatibility and performance may vary based on your phone, the phone's software, and your wireless carrier.

*For KONA SE trim, this feature is only available when Android Auto or Apple CarPlay is connected.
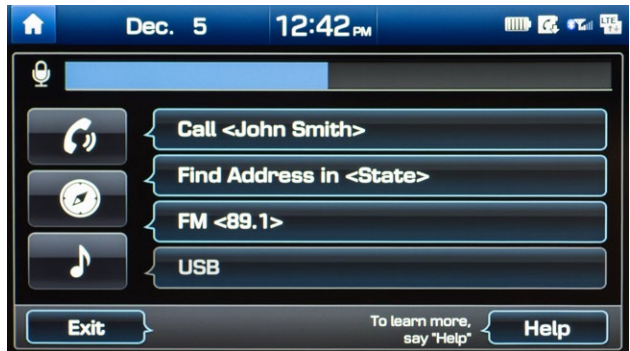

Navigation
Destination Voice Command

1 Press the **PUSH TO TALK** button on the steering wheel.

You will hear a beep.

2 After the beep, say a command: "**FIND POI****."

**Point of Interest

3 This step will display the list of POI categories that you can say.

Say "**RESTAURANTS**."

**4** A list of POI categories will be displayed. If you would like to find coffee shops nearby, say "**COFFEE SHOPS**."

**5** The results will be listed on the screen.

Say the line item number (for example: "**LINE 3**") to make your selection.

6 Follow the prompt and say "**YES**" to set as your destination.

7 Route guidance will begin when you select **START GUIDANCE**.

8 Press the **PUSH TO TALK** button and say "**CANCEL ROUTE**" after the prompt to stop navigation guidance.
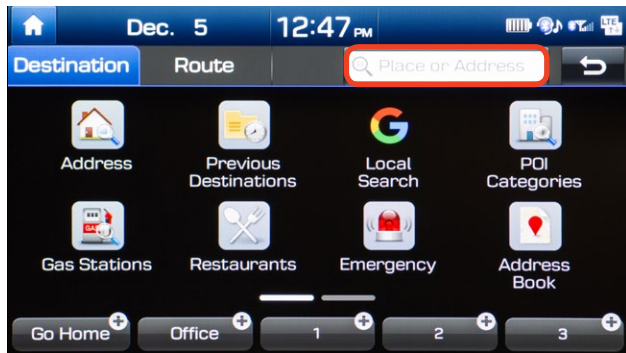

Navigation
Go to Address

1 The vehicle must be in **PARK**.
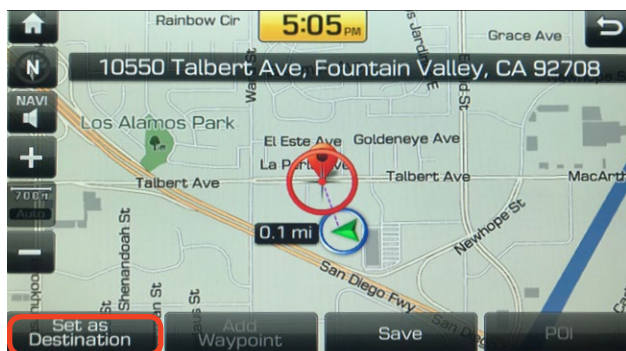

Press the **NAV** button.

2 Touch the **UNIFIED SEARCH** box.

3 Enter the address of your destination and press **DONE**.

4 The location will be pinned on the map.

If the address is correct, press **SET AS DESTINATION**.
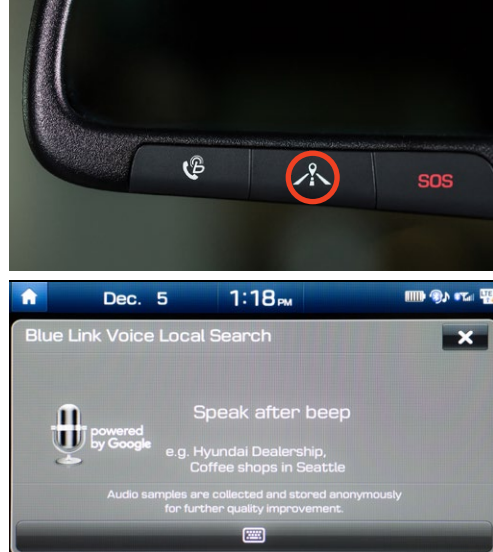

5 Press **START GUIDANCE** to begin your route.

6 Press the **PUSH TO TALK** button and say "**CANCEL ROUTE**" after the prompt to stop navigation guidance.
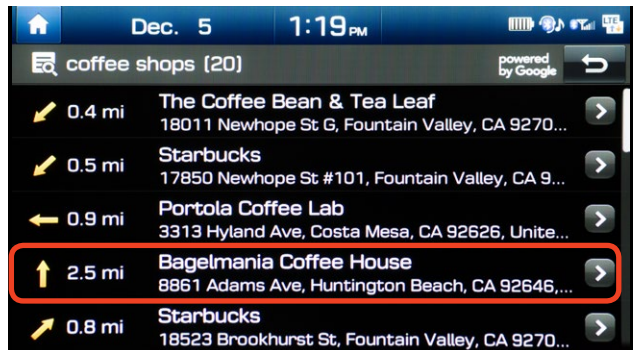

1 Press the **DESTINATION SEARCH** button.

When prompted, you can say the name of a Point of Interest nearby, an address, or a Point of Interest in a city.

Example: "**FIND COFFEE SHOPS NEAR ME.**"

2 A list of nearby destinations matching your search criteria will be displayed.

Select a destination from the list for a map view.

3 Press **START GUIDANCE** to begin your route.
